# COCOA BUTTER

The cocoa butter based colours are made for the decoration of chocolate and other fatty products.

Use:

- After tempering, the coloured cocoa butter can be applied with a brush directly onto the surface to be decorated.
- You can also spray the coloured cocoa butter into the mould immediately after melting with a spray gun without tempering.
- Alternatively, the colour intensity can be reduced by mixing up with white chocolate (max. 50% white chocolate) and applied after tempering to the surface to be decorated with a spray gun (M1263) to obtain a velvet effect.

- Standard content: 200 gr
- AZO
- E171 free
